• Clean coveralls, hats, and disposable or disinfected rubber boots will be provided by the farm and must be worn while in animal areas

• Boots must be clean before entering animal areas

• Wash hands with soap and warm water before AND after handling animals

• Boots must be washed and disinfected or removed and disposed of properly after exiting animal areas
  - Clean all dirt, manure, and debris off of boots BEFORE stepping into the disinfectant solution
  - Allow the disinfectant solution to have ample contact time with the boot surface

• When leaving, remove all protective outer clothing and footwear provided by the farm and leave it in the designated area

• For your own protection, wash your hands with soap and warm water before leaving the farm
