

INTERNATIONAL AQUACULTURE BIOSECURITY CONFERENCE: Practical Approaches for the Prevention, Control, and Eradication of Disease

August 17-18, 2009 • Trondheim, Norway • www.iabconference.org
*Held in conjunction with Aqua Nor 2009, the international aquaculture venue,
August 18-21, 2009 Trondheim, Norway • www.nor-fishing.no*

A two day program of internationally-recognized keynote speakers and contributed posters on the following topics:

- » Economic impact of disease and biosecurity programs
- » Components of ideal biosecurity plans and programs
- » International, regional and national strategies
- » Identifying and prioritizing hazardous diseases and evaluating risks
- » Determining and mitigating hazardous disease critical control points and risks
- » Disease epidemiology, surveillance and monitoring
- » Determining disease status and freedom
- » Control and eradication contingency plans and programs
- » Disease diagnostics, medical and farm record keeping
- » Implementing, auditing and certifying biosecurity programs

The goal of this conference is to provide expert opinions and tools for implementing practical, economic and effective biosecurity plans and programs. Abstracts for poster presentations are due July 1, 2009. See the website for instructions.

- » Registration by July 1, 2009: NOK 3500 (≈ \$500 USD) • Registration after July 1, 2009: NOK 4500 (≈ \$650 USD)
- » A tentative agenda and additional information is available at www.iabconference.org
