### Ruminants

*These pathogens can be found in cattle, sheep, and goats.*

- Akabane virus  
  *Cattle, sheep, goats*
- Bluetongue virus (exotic)  
  *Cattle, sheep, goats*
- Bovine spongiform encephalopathy  
  *Cattle*
- Coccidioidomycosis  
  *Cattle, sheep*
- Contagious bovine pleuropneumonia  
  *Cattle*
- Contagious caprine pleuropneumonia  
  *Sheep*
- Foot and mouth disease  
  *Cattle, sheep, goats*
- Goat and Sheep pox  
  *Goats, sheep*
- Heartwater  
  *Cattle, sheep, goats, wild ruminants*
- Lumpy skin disease  
  *Cattle*
- Malignant catarrhal fever  
  *Cattle, wild ruminants*
- Peste des petits ruminants  
  *Sheep, goats*
- Rinderpest  
  *Cattle, sheep, goats*
- Screwworm myiasis  
  *Cattle, sheep, goats*
- Vesicular stomatitis virus (exotic)  
  *Cattle*

### Swine

*These pathogens can be found in swine.*

- African swine fever
- Classical swine fever virus
- Hog cholera
- Coccidioidomycosis
- Foot and mouth disease
- Japanese encephalitis virus
- Rinderpest
- Swine vesicular disease
- Swine vesicular
- Vesicular stomatitis virus (exotic)

### Horses

*These pathogens can be found in horses, zebras, donkeys, and mules.*

- African horse sickness  
  *Horses, zebras, donkeys, mules, camels*
- Coccidioidomycosis  
  *Horses, mammals*
- Japanese encephalitis virus  
  *Horses*
- Screwworm myiasis  
  *Horses, zebras, donkeys, mules*
- Vesicular stomatitis virus  
  *Horses, donkeys, mules*

### Avian

*These pathogens can be found in chickens, turkeys, wild birds, waterfowl.*

- Avian influenza virus (highly pathogenic)
- Newcastle disease virus (velogenic)
- Screwworm myiasis

### Wildlife and Others

*These pathogens can be found in wild birds, waterfowl, deer, elk, antelope, and other wild ruminants.*

- Avian influenza virus (highly pathogenic)  
  *Wild birds, waterfowl*
- Bluetongue virus (exotic)  
  *Deer, elk, antelope*
- Heartwater  
  *Wild ruminants*
- Malignant catarrhal fever virus (exotic)  
  *Wild ruminants*
- Newcastle disease virus (velogenic)  
  *Avian species*
- Screwworm myiasis  
  *Avian species*
