ATTENTION VISITORS
VISITORS ARE A POTENTIAL BIOSECURITY RISK

PLEASE REVIEW THESE GUIDELINES BEFORE ENTERING THE FACILITY.

- Let farm personnel know if you have been in contact with other pigs during the last 48 hours.
- Do not enter the building if you are sick.
- All service personnel should only bring equipment that has been approved for entry and has been cleaned and disinfected.
- Do you have permission to enter this facility? Only essential visitors are allowed on this production site. You need to have permission before you enter.
- Visitors must park in the designated area if there is one; otherwise, park away from areas where animals are housed.
- Leave all valuables in your car. Do not bring items with you that cannot be disinfected.
- All visitors must wash their hands or shower in/shower out as set by the farm policy.
- Eating is prohibited in animal areas. Keep any food in a breakroom or office if it is necessary to bring it into the building.
- All visitors must wash their hands or shower in/shower out as set by the farm policy.
- Wear clean coveralls and boots on each site: This practice limits the spread of disease if a person needs to move between sites.
- Eating is prohibited in animal areas. Keep any food in a breakroom or office if it is necessary to bring it into the building.
- Follow farm policy for downtime following international travel: Depending on what country you traveled to, as well as your activities while you were there, may affect the procedures you follow upon your return.
- Always follow farm policy concerning general biosecurity practices.
