

KEY STEPS TO PREVENT ZOOZOSES FROM ANIMALS

WASH

W

Wash your hands often when you are around animals!

Keep animal areas and equipment clean

AVOID

A

Avoid livestock or poultry if you have a weakened immune system

Avoid disease carrying insects, ticks, and wildlife

SAFETY

S

Be safe - wear gloves if handling animal feces, and masks if dust is generated

Prepare and cook food safely; wash fruits and vegetables

HEALTH

H

Keep yourself and your family healthy

Work with your veterinarian to keep animals healthy
